

Link

The Link System is wildly versatile, offering elements in 10 heights, 3 depths and 8 shelf lengths, allowing for infinite combinations and lengths.

Note: wall hanging compositions are only possible if the wall is reinforced (concrete or 3/4" plywood entirely behind drywall). Exterior walls are not necessarily reinforced walls.

We'd be happy to design a unit perfect for your space that suits all your needs.

Eco sustainability:

Recognizing the importance of sustainability, this product is made with ecological wood particleboard made from recycled wood, to respect nature and the final consumer. The eco-panel conforms to CARB Fase 2 low emissions regulations, and are covered with easy to clean, abrasion resistant melamine sheeting. Lighting is energy saving LED. All packaging is 100% recyclable. All items are produced in a biomass heated factory, which is zero emission and does not contribute to the greenhouse effect. All products are designed and built according to strict safety criteria and in compliance with standard for ergonomics, certified by the European standard UNI EN14749. Company certified UNI EN ISO9001.
