

LIBER

From a single box structure, the Liber system becomes many versatile elements, each with its own function. Among others, there is a bookcase with a mirror base, a chest resting on glass feet, and cube that can be used as bedside table.

Materials: clear glass, smoked or extra-clear glass structures.

Bases in mirror.

Drawers are optional, and shelves above drawers can be painted so as not to be see-through.

Drawers available in white or RAL lacquered wood with double sided opening (many colours), canaletto walnut with gunmetal knob, or dark leather with one handle.

by

Luca Papini

Papini attended the Faculty of Architecture in Florence where he obtained a degree in Industrial Design at IED in Milan.
